Black Ice Software - February 18, 2014

## Printer Driver 13.90 is released with OCR!

### Print and OCR at the same time!

The Black Ice Printer Drivers version 13.90 includes the **new "One Click to Print and OCR"** feature. This feature is designed to **OCR digitized documents during the printing process such as Medical record, Faxes, Archived document and PDFs in Image format into editable and searchable text.** The OCR feature can be used for text extraction for content based applications. The OCR feature is available in the retail "End User" TIFF/Monochrome, ColorPlus and PDF printer drivers. and the Black Ice OEM printer drivers.

*Convert digitized documents, images  
and faxes into editable text.*

Some of the key OCR features are **OCR entire documents** (single or multipage), OCR only the first page of the printed document, or OCR a specified area of the printed page.

[See the OCR feature in Document Converter Printer Driver.](#)

**The complete list of improvements in the latest Black Ice Printer Driver 13.90 includes the following:**

- **Added OCR feature to the Printer Drivers**
  - OCR first page only
  - OCR every page in the Document
  - OCR selected area of the page
  - Easy configurable language option
  - Added API functions for the OCR configuration
- Improved silent MSI installers for the printer drivers to log registration success or failure
- Updated PDF DLLs to version 2.6.2.527
  - Stability improvements for printing Excel documents
