Printer Driver Opening New PDF Features!

New PDF Features for viewing PDFs after Printing!

Black Ice Software has released the Printer Driver version 13.99 with **new PDF printing features to control how the printed PDF document will look when the user opens it in a PDF viewer.**

The new Open PDF Settings in the latest release of Black Ice Printer Driver can configure the printed PDF document to the following:

- **Page Layout** settings to display a Single Page or Two Pages on the screen at the same time.
- **Page View** settings to display Thumbnails, Bookmarks or open the PDF document in Full Screen.
- **Open at Page** feature to open the PDF document at a specific page number.
- **Magnification** to scale the PDF to height or width, or to specify custom zoom percentage.
- **User Interface Options** to hide menu bar, toolbar and windows controls on the PDF viewer.
- **Window Option** to show the document title, fit window to initial page and center window on screen.
