Black Ice Software - May 25, 2016

Printer Driver version 14.65 is released!

New transferable licensing, to allow customers to move the Printer Driver to another computer!

Black Ice Software has released version 14.65 of the Printer Driver. This version includes new licensing with transferable licenses to allow customers to move the Printer Driver from one computer to another quickly and easily.

What are the benefits of having the new transferable license, instead of the regular (static) license?

The **regular (static) license** is tied to a computer, therefore even if the computer is damaged, or you replace a new computer you will not be able to reinstall and register the Printer Driver on this new computer, since your license is already used up.

The **transferable license** validates the license periodically, and it is not tied to a computer, therefore if you would like to move your already registered Printer Driver to a new computer, you can do by simply uninstalling the Printer Driver from the old machine, and installing it on the new computer.

PRINTER DRIVER 14.65 IS RELEASED!

MOVE THE PRINTER DRIVER FROM ONE COMPUTER TO ANOTHER EASILY.

The latest released Printer Driver version 14.65 includes further improvements to allow Administrators to **register again** the already installed printer driver **with a different serial number** without reinstalling the product.

For more information about the new transferable licenses, or if you are interested in upgrading your existing license, please click [HERE](#).

Free Upgrades and Priority Support

Do not forget to subscribe to future releases by purchasing maintenance. With an active maintenance subscription, you will receive all new releases for free! Priority email technical support is also included in your subscription. For more information call us at +1 (561) 757-4107 Extension 2, or email us at sales@blackice.com.

As a special offer, if your maintenance subscription has expired or you did not include the maintenance subscription in your original purchase, simply refer to this newsletter to renew or add maintenance retroactively!
