Black Ice Software - September 14, 2016

## Printer Driver version 14.71 is released!

**Stability improvement for multi-threaded parallel printing into searchable PDF, HTML and XML output format and more!**

Black Ice Software has released version 14.71 of the Printer Driver. This version includes major stability improvements for **multi-threaded parallel printing into searchable PDF, HTML and XML output format.**

The latest version of the PDF Printer Drivers includes a new **multi printer install** option, allowing administrators to install multiple instances of printers on a system. Multiple instances of printers can **convert documents simultaneously** resulting in a much faster document conversion.
