The Black Ice ColorPlus document converter is the complete solution for businesses needing a fast and reliable document conversion tool.

**Did you know?** Using the Black Ice Printer Drivers, users can **merge any type of document**, such as Word documents, Excel spreadsheets or PowerPoint presentations into a single PDF file. You can also easily merge email chains, electronic bills, bank statements and more making it simpler to **store, archive, share and open your essential documents**.

Using the Merge Documents window of the Black Ice Printer Drivers, users can easily merge any type of document fast and efficiently. For more information about how to configure the Black Ice Printer Drivers for merging of documents, please refer to our [online documentation](#).

Does your business have dozens of users and printers? **Is managing users getting too complicated?** Try out our Black Ice Printer Manager, which can be used to **easily configure every User on the computer with just a few clicks!**

Using the Printer Manager, Administrators can control which features of the Printer Manager are available for all users, preventing unauthorized users from making changes to the printer settings in the Printer Manager. Also, Administrators can enable/disable detailed logging during printing, which could be used for auditing and troubleshooting.

For more information about the Printer Manager Administration, please refer to our [online documentation](#).
