Do you have a **Black Ice Printer Driver** License but still need the ability to **view, scan, edit, OCR, search, redact, annotate and print Tiff Documents in a viewing solution**? The **Black Ice Tiff Viewer** has the ability to work flawlessly with the Printer Driver and allow users to View and Edit their document just like with MODI! You no longer have to struggle viewing your documents with Paint. Try the **All in one Black Ice MODI replacement** today!

Customers with a Printer Driver License can receive an automatic **30% discount** off the Tiff Viewer license to add the Viewing and Editing functionality to their Document Conversion solution valid only for the months of May, June and July!

The Black Ice Software MODI replacement, even better than MODI with advance features such as

Redact, advanced Annotation and Document Clean up and MSI Installation for large scale deployment easy to use customizable configuration.

With MODI, users were able to view, scan, edit, OCR, print and convert single and multipage TIFF files all in one solution. Since the discontinuation of MODI in 2010, Black Ice Software has been increasing our features while improving the user interface of our **Tiff Viewer and Tiff Printer Driver to be a better complete MODI replacement tool**. With a slick user interface similar to that of MODI; users will no longer have to completely relearn a new interface as the tools and features of the Tiff Viewer and Printer Driver are all similar to the once popular Microsoft Office Tool.
