Black Ice Software is announcing the **release** of the **Cover Page Filler** included in Printer driver version 15.60!

The Cover Page filler will be available only in the **End User Licensed ColorPlus X1, PDF X1, and Tiff/Monochrome X1, printer drivers**.

The Cover Page Filler feature will also be available for **developers and system integrators** in the OEM printer drivers as an Add-on in the near future.

The Black Ice X1 Printer Drivers now include a built-in option to **fill and insert a cover page at the beginning of the printed document (the first page)**. The Cover Page Filler is launched by the Printer Driver during the printing process to **give users the ability to fill in a cover page**. The cover

page could be a single page or multiple page fillable TIFF Form prepared by the TIFF Form Designer. To read more about Form Designer please [click here](#). The **filled cover** page will then be **converted** to the desired file format that could include an **editable PDF, TIFF, JPEG, etc..**

Key Features:

- **Start the Cover Page Filler before printing**
If this option is enabled, Cover Page Filler window appears before printing the document.
- **Start the Cover Page Filler after printing**
If this option is enabled, Cover Page Filler window appears after printing the document.
- **Seamlessly select the Cover Page from a List** – during the printing.
 - Users can add and remove “Private” Cover Page to the list
 - Administrator can add and remove “Common” Cover Pages
- **Use the Default Cover Page for every print job** – Preconfigured by the administrator during installation.
- **Convert the document with the Cover Page to any file format supported by the printer driver** including editable PDF, image PDF, TIFF, JPEG, etc...

The Cover Page Filler option works with the following post printing features of the Black Ice Printer Driver:

- Save As feature
- Launch/Start an application after printing
- Upload to FTP
- Upload to HTTP/HTTPS
- Upload to SharePoint
- Email the document
- Redirect print job to one or more physical printer(s)
- Print to memory, to be HIPAA compliant
- Merge multiple Print Jobs (documents) into single document.

The complete list of improvements in the latest Printer Driver includes the following:

- Added Cover Page Filler to X1 and OEM Printer Drivers (#10914)
- Updated Manuals
