Black Ice Software - February 9, 2016

Printer Driver version 14.53 is released!

HIPAA compliant PDF printing to protect health information, First page Annotation-Header-Footer and more!

Black Ice Software has released the Printer Driver version 14.53 to create **HIPAA compliant encrypted PDF documents in memory**, for meeting the world's most stringent security and privacy regulations. This results in **HIPAA compliant printing for medical applications** to protect health information and prevent the access of PDF documents by unauthorized person.

PRINTER DRIVER 14.53 IS RELEASED!

HIPAA compliant PDF printing

First page Annotation, Header and Footer

Download Printer Driver Now!

The new version of Black Ice Printer Driver also, includes **major stability improvements** for printing certain Unicode or Mathematical characters to PDF file format. Printer Driver version 14.53 also includes new features to **place Annotation, Header and Footer onto the first page only**, allowing users to add covers for the printed documents.

The complete list of improvements in the latest Black Ice Printer Driver include the following:

- HIPAA compliant PDF printing
- Added support for printing PDF files to memory
- Added Add annotation to the first page only feature

If you no longer wish to receive this email [please click here](#).

- Added Add header to the first page only feature
- Added Add footer to the first page only feature
- Stability Improvement for uninstalling Printer driver
- Stability improvement in the licensed MSI installers for detecting already installed X1 printer drivers
- Set disable group file option in installed parallel drivers
- Stability Improvement for detecting shared printer driver
- Minor improvements for installer user interface
- Updated PDF Dlls to version 2.7.0.639
- Improvements in font handling (UFI Mapping)
- Improvements in handling text inside paths
- Improved accuracy of coordinates in the Text Output when the "Save text position and style" option is used
- Added INI file option for better compatibility with certain applications printing in anisotropic resolutions (E.g.: 600x300 DPI)
- Updated manuals
